**Standards of Care**

Regulation Best Interest (Reg BI) is an SEC regulation that applies to First Asset Financial Inc. (FAF) and our APs or Associated Persons (APs) when we act and provide investment services to our Customers. Reg BI requires us to act in your best interest, and not place our financial or other interests ahead of yours, when recommending any securities transaction, an investment strategy involving securities, account types, and individual retirement and retirement plan account rollovers. To comply with the standard of conduct established under Regulation BI, we must meet four separate obligations:

1. ***The Disclosure Obligation requires us to disclose fully and fairly in writing, at or before the time of the recommendation, all material facts about conflicts of interest relating to the recommendation (including how we and our APs are compensated) and about the scope and terms of the relationship with you.*** FAF, and by extension each AP, must have a “reasonable belief” that all recommendations made are in your best interest based on an evaluation of your current and recommended securities/portfolio with your objectives. Factors to be considered in determining whether a security is in your best interest include, but are not limited to: the cost (including internal and external fees and compensation), liquidity, risks, potential benefits, volatility, likely performance in a variety of market and economic conditions, time horizon, and/or cost to exit. By comparing and contrasting the existing with the recommended account the result should be in your best interest.
  
2. ***The Care Obligation requires us to exercise reasonable diligence, care and skill when making a recommendation to you. The Care Obligation extends to recommendations of individual securities and investment strategies as well as to recommendations regarding specific account types, including individual retirement account rollovers.***  
 FAF & its APs must exercise reasonable “diligence, care & skill” in making recommendations to you. The recommendations must be in your best interest based on corresponding risks, rewards & costs, taking your investment profile into account. Reg BI imposes **no duty to monitor** your account following a recommendation. We may voluntarily, and without any agreement with you, review the holdings in your account for the purposes of determining whether to provide a recommendation to you. This voluntary review is not considered to be “account monitoring,” and does not create an implied agreement to monitor your account.
  
3. ***The Conflict of Interest Obligation requires us to establish, maintain, and enforce written policies and procedures reasonably designed to identify and at a minimum disclose (pursuant to the Disclosure Obligation) or eliminate all conflicts of interest associated with recommendations to you.*** This Obligation prohibits FAF, and by extension the AP, from subordinating your interests to its own and applies to recommendations regarding potential investments. To meet the Obligation, you must be provided with full and fair disclosure of all material facts regarding such conflicts between FAF, the AP and you to enable you to make an informed decision with regard to the recommendation. General conflicts of interest are disclosed in attached documents, **Customer Relationship Summary** and more detailed in the Regulation Best Interest Disclosure Brochure and specific conflicts of interest should be provided to you by your AP.
  
4. ***The Compliance Obligation requires us to establish, maintain and enforce written policies and procedures reasonably designed to achieve compliance with Regulation BI.*** FAF has in place compliance policies and procedures that are intended to be reasonably designed to the size and complexity of our firm and in keeping with reasonably designed compliance programs. The designed compliance program is established and designed to enforce processes and procedures to ensure our compliance with Reg BI.

**First Asset Financial Inc.  
Form CRS-Customer Relationship Summary (6-20-2020)**

**Introduction:** First Asset Financial Inc. ("FAF") is a full service broker-dealer registered with the Securities and Exchange Commission and is a member FINRA/SIPC/MSRB. FAF is NOT a Registered Investment Advisor ("RIA"). The Corporate Offices are located in Salina, Kansas. The cost of brokerage services and investment advisory fees differ and it is important that you understand the differences. Free and simple tools are available to research firms and associated persons at [Investor.gov/CRS](http://Investor.gov/CRS) or [finra.org](http://finra.org), which also provides educational materials about broker-dealers, investment advisers, and investing. Further detail can be found in our *Regulation Best Interest Conflicts of Interest* which is provided free of charge by calling (800) 825-5511. All of the information in this Form CRS applies to retail customers.

**What investment services and advice can you provide me?**

FAF offers a variety of brokerage services to retail investors based on a commission basis. There are different ways you can get help with your investments. You should carefully consider which types of services might be more appropriate for you. This document gives you a summary of the types of services we provide and how you pay. Please ask us for more information.

We do not require a minimum account size or investment amount. If you open a brokerage account, you will pay us a transaction-based fee, generally referred to as a commission, every time you buy and sell an investment. We **do not** offer proprietary products, nor offer common stock IPOs, do not participate in sales contests, or offer a limited menu of products. Relying on the results of a personal contact, we will assist you in determining your investment goals and investment vehicles that conform to your investment "style."

**The principal types of retail brokerage services which First Asset Financial offers include:**

- ✓Corporate equity securities (stocks)\* ✓Mutual funds ✓Exchange-traded funds (ETFs)\* ✓Retirement Plans-IRA-SIMPLE IRA--SEP ✓529 Plans ✓Municipal securities\* ✓Checking accounts\* ✓Put and call options or option writer\*
- ✓Corporate debt securities (Bonds)\* ✓Variable annuities (VAs) or variable life insurance (VUL)
- ✓U.S. government securities\* ✓Certificate of Deposits (Brokered)\* ✓Health Savings Plans (HSA)\*

**Do you make recommendations and monitor accounts?**

We are able to provide retail advice regarding the value and characteristics of securities or advisability of a transaction in securities only in connection with our primary business of buying and selling securities. The way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the services we provide you. You make the ultimate decision regarding the purchase or sale of investments. We do not monitor your portfolio or investment account on a continuous basis. Any voluntary review is not considered to be "account monitoring."

Although there are no material limitations on securities, services offered by licensed Associated Persons (APs) of FAF vary by type of securities licenses held.<sup>1</sup> APs of FAF, individually, may be licensed differently and may hold one or more of the following main securities licenses: Series 6 or Series 7. You might ask,

***What is your relevant experience, including your licenses, education, and other qualifications?***

***What do these qualifications mean?***

Less than 1/3 of FAF APs hold a Series 66 or 65 and have the ability to do business with an associated advisory firm. The option of those APs to guide you to either entity should encourage you to **discuss which type of account may be best for you;** (1) strictly a commission account with FAF or (2) a fee based investment advisory account with the AP's affiliated RIA firm. This situation can present a "conflict of interest" which **should be discussed**. If an AP is registered with both FAF and an affiliated RIA you might discuss the following questions:

***Given my financial situation, should I choose a brokerage service or a managed fee account? Why or why not?***

For all FAF Associated Persons, you might ask:

***How will you choose investments to recommend to me?***

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

\*Available through FAF's clearing firm, Hilltop Securities Inc.

## **What fees will I/we pay?**

We charge transaction-based fees, known as commissions, concessions or mark ups/mark downs, for brokerage services at the time any security is purchased or sold in your account. We make more when there are more trades in your account. Such transactions are executed on a non-discretionary basis which means you will be consulted for each recommended transaction unless such transactions are associated with a discretionary investment account. Most transactions occur through our clearing firm,\* whom FAF retains to conduct securities transactions and activities related to the purchase or sale of securities. Transaction charges cover order tickets, execution and clearing costs that we pay the clearing firm. Our commissions, concessions or mark ups/mark downs range from 1% to 5% with an overriding minimum on brokered trades of \$40 (generally, with an exception for advisory trades). Some commissions are negotiable and costs reduce the value of your account over time. The higher percentage amount would be select mutual funds or VAs where the concessions, individual fund management fees and other fees would all be disclosed by the fund's applicable prospectus. We request that you review the prospectus prior to investing in a mutual fund or VA.

In addition, you may incur additional fees and costs related to the investments in your account, such as postage/handling fees, wire/electronic fund transfer fees, surrender charges, custodian fees, transfer fees, and potential early redemption fees on variable annuities. To help you better understand the impact of fees and costs, we would like to discuss the following question with you:

*Help me understand how these fees and costs might affect my/our investments-----*

*If I/we give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when providing recommendations?**

**How else does your firm make money and what conflicts of interest do you have?**

When we provide you with a recommendation, we must act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the recommendations, we provide you. Here is an example to help you understand what this means:

*Recommendation of an investment product with a higher commission than the same or similar investment product that would cost less in a fee-based account.*

*How might your conflicts of interest affect me, and how will you address them?*

**How does your financial professionals make money?**

Our financial professionals are licensed to provide brokerage services and receive different levels of compensation (often based on the specific investment) when providing different investments to you.

**Do you or your financial professionals have legal or disciplinary history?**

**As a financial professional, do you have any disciplinary history?**

**For what type of conduct?**

The firm has only one; in 2013 FAF was sanctioned by FINRA for an email retention violation that was an administrative regulation issue, not an investor related issue. Some APs have disclosure history which can be determined by visiting [Investor.gov/CRS](http://Investor.gov/CRS) for a free and simple search tool to research our firm and your financial professional. To help you better understand our disciplinary history, we welcome discussing any issues with you.

## Regulation Best Interest Disclosure Brochure

First Asset Financial Inc. (referred to as “FAF” or “we” or “our” or “us”) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and a member of the Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC). As a broker-dealer, we are authorized to transact business in various types of securities. The product offerings to you may be limited based on the licenses held by your Associated Person (AP) and/or firm policy.

The purpose of this disclosure document is to provide you with information about our investment services and to expand upon the important disclosures in the firm’s Customer Relationship Summary (CRS) which is included or has been delivered to you and also can be found on our website at [www.firstassetfinancial.com](http://www.firstassetfinancial.com). This brochure summarizes important information concerning the scope and terms of the investment services we offer and details the material conflicts of interest that arise through our delivery of investment services to you. We encourage you to review this information carefully, along with any applicable account agreement(s) and any disclosure documentation you may receive from us. Please be sure to review this disclosure in its entirety and consult with your Associated Person before opening an account or investing through our firm.

FAF employs individuals, referred to as “Associated Persons,” (AP or APs) who offer various investment services dependent on their licenses. Although all of our Associated Persons offer some type of investment services, some also offer investment advisory services. Any investment advisory services offered will be with an affiliated firm (but not a commonly owned firm with FAF). When you are discussing services with our APs, you should ask in what capacity the AP is acting or will be acting – as a broker dealer registered representative or as an investment advisor representative when providing services to you. You should understand and carefully consider these differences when deciding which services and accounts are right for you. FAF offers services in an investment capacity only and not as an investment adviser when servicing your account. This disclosure brochure discusses important information regarding Associated Persons who act as registered representatives of our broker dealer (FAF) only.

### **Investment Services**

When we open an account for you, we act as the “Introducing Broker Dealer,” meaning we do not hold custody of your funds and securities. We execute purchases and sales on your behalf, and as directed by you, in which we earn revenue. In general, accounts are “non-discretionary.”

We offer a variety of different investment account types including:

*Individual, JTWROS, Joint TIC, TOD accounts, UTMA, IRA/Roth IRA/SEP IRA/Simple IRA/Bene IRA, 529 Plans, Health Savings Accounts (HSA), Specialized Retirement Plans, Trusts & Accounts for Trust Accounts*

### **Subscription Way**

An account whereby the check is used to purchase securities and is made payable to the issuer (or other third party) and is forwarded directly to the issuer or the issuer’s agent. Normally, an account application for FAF and for the issuer/third party (e.g., a mutual fund) is completed by you. FAF and our APs receive compensation from investment product sponsors/third parties for the investments you make in securities such as direct mutual funds, annuities, etc. A portion of this compensation is commonly known as “trail compensation” or “12b-1 fees” in which FAF and our APs receive ongoing compensation from certain investment products under a distribution or servicing agreement with the product sponsor. The more assets you invest in the product/investment, the more we will be paid in these fees, therefore we have an incentive to encourage you to increase your account size or investment in the security. Furthermore, the volume of trails received varies by product type and sponsor or third party, therefore creating an incentive to recommend a product that pays a higher trail over a lower trail.

For more information about trail compensation received with respect to a particular investment, please refer to the prospectus or offering paperwork. Below is a general disclosure of the trail compensation ranges charged to you and received by FAF and your Associated Person:

- **Mutual Funds & 529 Plans:** The ongoing payment depends on the class of shares, but the general range is between 0.25% for “A” class shares and 1% for “C” shares of assets on an annual basis.

- **Annuities:** The ongoing payment depends upon the agreement between FAF and the Issuer. The maximum trail payment for annuities is generally 3.5%

### **Account Minimums & Activity Requirements**

There is no minimum initial account balance required to open an investment account with us. However, most mutual funds and variable annuities have minimum account entry requirements. You should also understand that our Associated Person may establish their own minimum account balance requirements for the investment accounts they service. Minimum asset requirements are disclosed to you verbally by your Associated Person.

### **Incidental Investment Services, Recommendations and Monitoring**

When we make a securities recommendation, investment strategy recommendation or a recommendation to rollover assets from your Qualified Retirement Plan to an Individual Retirement Plan (IRA), the recommendation is made in our capacity as a broker-dealer unless otherwise stated at the time of the recommendation. Moreover, when we act in a brokerage capacity, we do not agree to enter a fiduciary relationship with you. It is important for you to understand when our Associated Persons make an investment recommendation to you, we are obligated to ensure the recommendation is in your best interest, considering reasonably available alternatives and based on your stated investment objective, risk tolerance, liquidity needs, time horizon, financial needs, tax status, customer's age, investment experience, investment time horizons, needs and other financial information you provide us. You may accept or reject any recommendation. It is also your responsibility to monitor the investments in your account, and we encourage you to do so regularly. We do not commit to provide on-going monitoring of your investment account. If you prefer ongoing monitoring of your account or investments, you should consider an advisory account which is different from a brokerage account in that this style of account charges a fee based on assets rather than commissions on transactions.

Please also consider that from time to time we may provide you with additional information and resources to assist you with managing your account. This may include but is not limited to educational resources, sales and marketing materials, performance reports, asset allocation guidance and/or periodic investment account reviews. When we offer these services and information, we do so as a courtesy to you. These activities are not designed to monitor specific investment holdings in your account, they do not contain specific investment recommendations about investment holdings, and you should not consider them a recommendation to trade or hold any particular securities in your account. Upon your request we will review such information and reports with you and may provide you with investment recommendations, but we are not under a specific obligation to do so.

### **Risks Associated with Investments and Recommendations**

While we will take reasonable care in developing and making recommendations to you, securities involve risk and you may lose money. There is no guarantee that you will meet your investment goals or that our recommended investment strategy will perform as anticipated. Please consult any available offering documents for any security that is recommended to you for a discussion of risks associated with the investment. Generally, all investments involve risk, the degree of which varies significantly. Investment performance can never be predicted or guaranteed, and the value of your account will fluctuate due to market conditions and other factors. Investments that we recommend and actions that we take to execute transactions for your account are subject to various market, liquidity, currency, interest rate, credit risk, economic, geographic, and political risks and may not necessarily be profitable. You assume the risks of investing in securities and other investments and you could lose all or a portion of their value. Our firm does not provide tax, legal or accounting advice. Accordingly, we encourage each customer to consult their own personal tax, legal and/or accounting advisers in order to understand the potential consequences associated with a particular investment strategy.

### **CONFLICTS OF INTEREST**

A conflict of interest arises when an incentive, benefit or possible personal financial gain might incline FAF or an AP, consciously or subconsciously, to make a recommendation that is not strictly for the betterment or in the best interest of the investor given the perimeters of investments available to the AP. We want you to make an informed decision regarding any recommendation one of our APs provides you. To that end, below we disclose material facts addressing these conflicts:

#### **Conflicts of interest & Other Compensation**

Like all financial services providers, we and our Associated Persons have conflicts of interest. Since FAF is compensated directly by customers and/or indirectly by the investments made by customers, this creates some conflicts. If we are paid an upfront commission, it means the more transactions that are made, the more compensation we earn. When we are paid

indirectly from the investments made by customers, we receive ongoing compensation, typically called a “trail” payment from a third party, for as long as customers hold an investment. The amount we receive varies depending on the particular type of investment a customer’s makes. The compensation described in this disclosure represents the revenue we receive on an investment before subtraction of our expenses. The types and amounts of compensation we receive change over time and may vary. Please also note that not all the conflicts described in this disclosure apply to a particular Associated Person, his/her services or all the products we sell. You should ask your Associated Person if you have any questions about compensation, costs, fees, or conflicts of interest. Please carefully review and consider the information in each section below.

Conflicts of interest exist when we provide investment services to you. A conflict of interest is a situation in which we engage in a transaction or activity where our interest is materially averse to your interest. The mere presence of a conflict of interest does not imply that harm to your interests will occur, but it is important that we acknowledge the presence of conflicts. Moreover, our regulatory obligations require that we establish, maintain, and enforce written policies and procedures reasonably designed to address conflicts of interest associated with our recommendations to you. We are committed to taking appropriate steps to identify, mitigate and avoid conflicts of interest to ensure we act in your best interest when providing investment recommendations to you. Below you will find additional information related to our conflicts of interest:

### **Commissions, Fees, and Other Types of Sales Compensation**

FAF receives upfront transaction-based fees, also known as commissions. A commission, which also may be called a sales load, sales charge, or markup is typically paid at the time of purchase, and can reduce the amount available to invest or can be charged directly against an investment. Commissions are often based on the amount of assets invested. We receive the sales charge or commission and share it with your Associated Person. In some cases, a portion of the sales charge or commission is retained by the investment’s sponsor company. For example, mutual fund company generally withhold a portion of the A share sales charge, reallowing less to FAF. Commissions vary from product to product, which creates an incentive for our Associated Persons to want to sell a higher commission security rather than a lower commission security. The approximate commissions for common investment products are listed below for your reference. For a more detailed description of specific product commissions and fees, you should refer to the product’s prospectus or ask your AP.

- **Mutual Funds, UITs, and 529s:** The maximum commission or sales charge permitted under applicable rules is 8.5%, but generally range from 3% to 6% and this amount is established by the mutual fund company/UIT/529 plan via their prospectus, not FAF or HTS. Money market mutual funds or other funds that lack a sales charge are generally charged a “flat fee” of a maximum of \$80 (money market funds a maximum of \$15). UITs will range between 1.85% to 2.5%. The applicable prospectus should be read and it will reveal the sales charges and expenses attributable to that investment/fund. A prospectus will be sent by HTS, provided by your AP, sent by the fund or you can read it online.
- **Annuities:** The maximum upfront commission paid for new sales of variable annuities is typically range from 5% to 7%, but may vary depending on the length of the surrender charge, provisions, and type of annuity. Fixed and fixed index annuities are generally offered through the APs’ outside business activity as they require no securities license and show 0% commission as insurance companies are not required to disclose compensation (commission) amounts paid.

### **Understanding Share Classes**

Some product sponsors offer multiple structures of the same product (e.g., mutual fund share classes) with each option having a unique expense structure, and some having lower costs to you as compared to others. The amount of upfront selling compensation versus trailing compensation charged on certain products, such as mutual funds, variable annuities, or 529 investments will vary, depending on the share class selected. For mutual funds, typically, Class A shares will result in a higher upfront sales charge and lower trailing compensation, while the opposite is true for a Class C share. In order to see a complete list of the share classes available for a particular investment and their respective costs, you should review the investment prospectus, offering document, and/or other transaction statement. For investment accounts, we have an incentive to make available or recommend A share classes or other product structures that will generate compensation to us for the initial purchase and/or ongoing recurring compensation. FINRA maintains a mutual fund cost analyzer for you at: [https://tools.finra.org/fund\\_analyzer/](https://tools.finra.org/fund_analyzer/)

## **Trail Compensation**

Ongoing compensation from product sponsors or third parties may be received by us and shared with our APs. This compensation (commonly known as service fees, trails, or Rule 12b-1 fees in the case of mutual funds) is typically paid from the assets of the investment product under a distribution or servicing arrangement and is calculated as an annual percentage of invested assets. The amount of this compensation varies from product to product, but usually ranges from .2% to 1%. We have an incentive to recommend that you purchase and hold interests in products that pay us higher trails.

## **Limitations on Recommendations**

FAF and our Associated Persons offer and recommend investment products only from investment sponsors with which we have entered into selling and distribution agreements with. We do not offer every available investment in the U.S. or global marketplace. Other firms may offer products and services not available through FAF and/or they may offer the same or similar investment products and services at lower cost than us (other than investment sold by prospectus). In addition, FAF may only offer certain products in an investment account, even though there is a version of the product that may be offered at a lower cost through an advisory account, and vice versa. The scope of products and services offered by certain Associated Persons may also be more limited than what is available through other Associated Persons.

An Associated Person's ability to offer individual products and services depends on his/her licensing, training, or firm policy restrictions. For example, an Associated Person may not be licensed to provide full brokerage services. You should also review the licenses held by your Associated Person by visiting the FINRA Broker Check website: <http://brokercheck.finra.org>.

## **Compensation for Associated Persons**

Associated Persons are compensated in a variety of ways based on the percentage of revenue generated from sales of products and services to customers. This compensation varies by the product or service associated with a brokerage transaction. In addition to up-front-transaction based compensation, some products feature on-going residual or "trail" payments. Thus, Associated Persons are incentivized to recommend products that have higher fees or commissions as well as those with on-going payments. Described below are the compensation and other benefits our Associated Persons receive through their employment agreement with FAF:

## **Cash Compensation**

FAF typically pays an Associated Person a percentage of the revenue he/she generates from the sale of products and services. The percentage received can vary depending on his or her agreements with us and the investment products or services recommended. It may also be more or less than what he/she would receive at another brokerage firm. The payments may vary based on the amount of assets managed or revenue generated by the Associated Person, such that the greater the production the greater the payout. When compensation is based on the level of production or assets, the Associated Person has a financial incentive to meet those production or asset levels. In some cases, Associated Persons may pay a portion of their compensation to another Associated Person for administrative or sales support. Furthermore, the amount of revenue an Associated Person generates creates a conflict of interest when considering whether to employ and/or when to terminate an Associated Person.

## **Compensation for Other Services**

FAF and our Associated Persons can offer various types of investments but different types and amounts of compensation depending on the type firm in which you participate. This variation in compensation can incentivize an Associated Person, if eligible, to recommend investments or programs that generate more compensation. For example, if you expect to trade securities frequently in your account, an account in which you pay a commission for each transaction may generate more compensation for your Associated Person than an alternative advisory account that generates compensation in the form of investment advisory fees.

## **Rollovers**

In the event you choose to roll assets out of a retirement plan, such as a 401(k) plan, and into an IRA, we have a financial incentive to recommend that a customer invests those assets with us, because we will be compensated on those assets. A customer should be aware that such fees and commissions likely will be higher than those the customer pays through the plan, and there can be custodial and other maintenance fees. Although your current plan will provide lower costs, the

plans often limit the type of investments available to you. Any securities held in a retirement plan are generally not transferred to an IRA, so there may be charges and/or fees when liquidating such securities in the plan prior to the transfer to an IRA through FAF, in addition to commissions and sales charges previously paid on transactions in the plan. Your AP and FAF will make more money if you transfer your 401(k) than if you do not do so.

### **Associated Person’s Outside Business Activities**

When approved, Associated Persons are permitted to engage in certain outside business activities (“OBA”) other than providing investment services through FAF. This may include, but is not limited to: real estate, accounting, insurance (most common), legal, other professions as well as investment advisory services. For example, sales of insurance products require no securities license (with the exception of variable annuities & variable life). Available “sales contests” for any insurance products will not be monitored by FAF. As a result, an Associated Person may be incentivized to recommend certain products or services outside the scope of their relationship with FAF and they may benefit financially from the recommendations. This may create a possible conflict of interest and you may wish to discuss with your AP and ask any questions you have about the OBA and the associated compensation. Additional information about your Associated Person’s outside business activities is available on FINRA’s website (<http://brokercheck.finra.org>). FAF is not co-owned by or co-owner in any outside business of any AP and, therefore, assumes no liability for any product, service or policy provided to you by an AP registered with FAF as FAF is responsible ONLY for any product recognized by federal or state regulators as a security.

### **Mitigation of Conflict of Interest**

First Assets attempts to mitigate conflicts of interest with the following practices. First Asset Financial Inc.:

1. **Does Not:** Pay referral fees to individuals or unaffiliated third-parties.
2. **Does Not:** Offer proprietary (company originated or sponsored) products
3. **Does Not:** Conduct sales contests
4. **Does Not:** Offer bonuses for sales in specific product areas or types
5. **Does Not:** Offer “alternative” investments (at the time of this writing)
6. **Does Not:** Share revenue with third party sponsors (e.g. mutual funds) over and above commissions, concessions, or 12b-1’s disclosed in the prospectus
7. **Does Not:** Receive funds from mutual fund companies for conferences, trips, or reimburse meeting expenses

On any investment recommendation, our APs should have a reasonable basis, considering the potential risks, rewards, and costs associated with a recommendation, to believe that each recommendation made is in your best interest, and does not place the interest of your AP or FAF ahead of your interest.

### **Training and Education**

Associated Persons may attend meetings, events or webinars that are held to educate APs on product characteristics, business building ideas, suitability as well as other activities that may include meals, entertainment, or other non-cash compensation (not to exceed \$100) from product providers. An AP should avail themselves of product training on any product they are selling or plan to sell prior to engaging with a customer regarding the product.

## **How We Obtain Information About You:**

In the normal course of business, we collect, retain and use information about you to serve your financial needs, administer your account(s) and inform you of products and services that may be of interest. This data, known as non-public personal information, may be collected from several sources, including FAF, the clearing firm and/or third party Customer Account Applications and other forms you file with us or product vendors as a result of your transactions with us, our affiliates, and non-affiliated third parties such as consumer reporting agencies. FA does not sell your personal information. We provide information about current and former customers from the sources described above to parties outside of our firm only as described below:

-To other companies as necessary to process your business: For example, we process your "direct" mutual fund and variable business through product providers with whom we have dealer-selling agreement.

These parties must limit their use of the information to the purpose for which it was provided.

-Where required by law or regulation: Examples include responses to a subpoena, court order or regulatory demand.

-As authorized by you: You may direct us, for example, to send account statements or other account information to a third party.

-As otherwise authorized or permitted by law: For example, the law permits us to respond for a request for information about you from a consumer reporting agency.

We ask that you review your information regularly to ensure that it is correct. Please contact your representative Associated Person (AP) or FAF directly if you need to correct or update your personal information.

## **Sharing Information - With Whom and Why:**

FAF does not sell your personal information to anyone not affiliated with FAF, directly or indirectly. We restrict the types of information we share and the types of entities with whom we share it. The primary reason for sharing information about you is to increase your convenience in transacting business with us and to give you more financial services choices.

Should your AP change within our firm, your information will be shared with the new AP as well as the new broker dealer. Also, if your registered AP leaves our firm, your personal information may be retained by him/her for the purpose of continuing to service your account(s). If you wish to opt-out of having your AP take your personal information upon leaving FAF, please send written request to:

First Asset Financial Inc.

Attn: Compliance Department, 110 E Iron Ave, Salina, KS

We do not disclose your personal information to non-affiliated third parties unless it is necessary for the purpose of processing your transactions or servicing your account(s). We disclose or report personal information in limited circumstances when we believe in good faith that disclosure is required or permitted under law. For example, we would provide information in cooperation with securities regulators or law enforcement authorities, to resolve consumer disputes, or to perform credit evaluations and authenticated checks.

## **Option to Opt Out and Change Notices:**

If for any reason at any time in the future we find it necessary to disclose any of your personal information in a way that is inconsistent with this policy, we will give you advance notice of the proposed change and the opportunity to opt out of such disclosure

## **I/We affirm agreement with the preceding and following statements as evidenced by signature(s) at the end of this Customer Agreement Addendum:**

In consideration of First Asset Financial Inc. ("FAF") opening one or more accounts on my/our behalf as an "introducing broker-dealer," I/we warrant and agree to be bound by all of the following representations herein. I/we understand that FAF will not hold customer's funds or securities, but as agent, will promptly transmit them to a product sponsor. I/we understand that securities products are not federally insured nor are they a deposit or obligation of, or guaranteed by, any depository institution. Furthermore, I/we understand that the products are subject to investment risks, including the possible loss of the principal amount invested. I/we agree to be bound by the following terms and conditions:

- 1. Appointment of broker dealer as agent.** I/we appoint FAF as my/our agent for the purpose of carrying out my/our directions with respect to the purchase, sale, or liquidation of securities in accordance with terms and conditions of this agreement; I/we assume all risks with respect to the purchase, sale, or liquidation of securities. All transactions will be executed only on my/our order or on the order of my/our authorized delegate.
- 2. Investment Services.** We may recommend investments for your Account, but you make the final decision to buy, sell or hold them. Customer understands that you, the Customer, must authorize every transaction prior to its execution unless you have delegated discretion to another party and signed required written authorization approved by FAF unless the account is under an agreement with a registered investment advisor. From time to time, FAF may voluntarily review the holdings in your Account; however, for purposes of Regulation Best Interest, **we do not provide an ongoing monitoring service or monitor your Account** and Regulation Best Interest does not require us to do so. Note also, your relationship with FAF is solely as a broker dealer and is NOT as an investment advisor.
- 3. Risk Disclosure.** I/we understand securities involve risk and that many variables, including but not limited to market fluctuation and economic conditions, and may have a substantial negative effect on the value of my/our security positions. Furthermore, I/we represent to FAF that I/we am willing to assume these risks and I/we am financially able to bear these risks. I/we also understand I/we have an affirmative obligation to notify FAF in writing should my/our financial condition change or my/our investment objectives become more conservative than, what is shown on my/our account application.
- 4. Mutual Fund Purchases.** For purchases of mutual fund, the following structure for a sales charge you will pay is generally applicable: **Upfront Sales Charges:** For 529 plan or mutual fund Class A shares, you pay an upfront "front-end" Sales Charge. At FAF we permit purchases of Class A shares, which can range up to 6.75% on the purchase amount. This charge is deducted from your investment at the time of your purchase and is included in your purchase price. The amount of the Class A share Sales Charge depends on factors such as the size of the purchase, the nature of the investment (i.e. bond fund, equity fund, etc.) and the fund's particular Sales Charge breakpoint schedule (which lowers the charge based on larger purchases or holdings). There are no upfront Sales Charges for mutual fund Class C shares, but they are subject to a CDSC explained below.

**Contingent Deferred Sales Charge (CDSC):** Although there may not be a front-end sales charge for Class C shares, if you redeem your Class C Share within 12 to 18 months of the purchase date, you will typically pay a CDSC fee of usually 1.00%, which is deducted from the redemption proceeds. As explained next, the 12b-1 fee on Class C shares are higher than Class A shares.

**Annual or Trailing Sales Charges:** Mutual funds have an annual asset-based fee or "12b-1 fee" paid out of the fund's assets that differ based on the share class. For mutual fund Class A shares, a 12b-1 fee is paid to us in addition to the upfront Class A share Sales Charge and is typically in the range of 0.20%-0.30% but in certain funds can be up to 0.50%. For mutual fund Class C shares where no upfront Sales Charge is paid, a 12b-1 fee is paid to us upon your initial purchase and annually thereafter. The mutual fund Class C share 12b-1 fees range from 0.50%-1.00%. Associated Persons (APs) of FAF receive as compensation a portion of any upfront Sales Charge, as well as of the 12b-1 fees paid. You will not pay a front-end sales charge for money market funds. Generally, there will be no charge to switch between funds within the same "fund family," however, there may be tax consequences for doing so.

**State 529 Plans:** The pricing model for State 529 plans vary by plan. For Class A units, you pay an upfront Sales Charge of up to 6.25% (the actual amount being based on the plan selected, the size of your investment, the plan's Sales Charge breakpoint schedule, and your eligibility for any other discounts or waivers) and an annual trailing commission of up to 0.25% of the average account assets invested in Class A units. There are no upfront Sales Charges for Class C units but your Advisor is paid an annual trailing commission of up to 1.00% of the average account assets invested in Class C units, which decreases to a maximum of 0.25% upon conversion to Class A units. In many State 529 plans, Class C units convert to Class A units after a predetermined number of years set by the plan. If you redeem Class C units within 18 months of the purchase date, you will typically pay a CDSC fee of 1.00%.

**529 Taxation:** Contributions to a 529 are after-tax and not federally tax deductible. However, if you invest in your own state's 529 plan or if your state is a "tax parity state," you may benefit from state income tax deductions on contributions or state tax exemptions on withdrawals. If your AP advises you NOT to use your home state 529 plan, realize that you will not receive any available state tax benefits that may be available for contributions or withdrawals. Ask your AP why he/she is suggesting an alternative state plan for you if they do so and realize that if you do not elect to use your home state 529 plan, you may lose tax benefits associated with your in-state 529 plan.

5. **Customer Obligations.** I/we hereby agree to adhere to the following requirement to monitor my/our account and prevent unauthorized access and/or activities: a) I/we agree to only pay for a security by utilizing a traceable instrument (e.g. check, bank draft, etc.) and I/we will never pay cash for a security; b) I/we will demand and obtain from my/our Representative, or review from the product sponsor's website, the current Offering Document which fully describes the investment, including potential risks and costs, prior to purchasing an interest in a partnership, mutual fund, variable product or unit investment trust; c) I/we will carefully review each applicable Offering Document and I/we agree to be bound by the information contained therein; d) When purchasing or selling securities, I/we will not rely upon any information, including but not limited to statements, forecasts, predictions and projections whether verbal or written, which are not contained in the applicable Offering Document; e) When purchasing or selling securities, I/we will not rely upon comparisons between securities or with market indexes of any kind, nor shall I/we rely upon guarantees of future value or price of any security; f) When purchasing or selling securities, I/we will not be induced by a pending dividend; g) I/we will never make payment for purchase of any investment payable to an AP or to an entity through which an AP may gain access to my/our funds; h) I/we will not loan to an AP or borrow from an AP monies or securities and I/we specifically will not authorize or permit an AP to act as personal custodian of my/our securities, stock powers, monies or any other personal or real property of which I/we may have any interest without first obtaining written approval from FAF; and i) **I/we will promptly review each trade confirmation and account statement and report any errors or discrepancies to FAF within 5 days of the receipt of the confirmation or statement.** It is agreed that if the confirmation and/or statement is mailed to customer's address of record the customer will have received the confirmation and/or statement no later than 10 business days after the mailing date or transaction date.

6. **Fees.** Agreed upon research or administrative fees may be billed and I/we agree to have such fees deducted from our account. These fees are in addition to any commission charged. FAF generally, will not receive a portion of any fee(s) collected. These fees include an annual IRA fee charged by a mutual fund, wiring charges, research or other charges.

7. **IRA Accounts.** If I/we am establishing an account through FAF in connection with an individual retirement account ("IRA"), I/we understand that it is my/our responsibility, and not the responsibility of FAF, to determine my/our eligibility for establishing an IRA, the deductibility of IRA contributions, compliance with all other rules relating to the tax deferred status of the IRA or the rollover from another retirement account, and the availability of all other tax benefits of the IRA. While there is no IRS limitation to the number of direct transfers of one IRA to another, only one rollover per year is allowed by the IRS. FAF nor its APs do not provide tax or legal advice. Tax advisors should provide tax advice.

8. **Notices.** Written notices and communications pursuant to this Agreement, including complaints, shall be sent to FAF by certified mail, return receipt requested, to the main office of *First Asset Financial Inc.*, located at 110 E Iron Ave, Salina, Kansas 67401. 11. **Force Majeure.** FAF shall not be liable for loss or delay caused directly or indirectly by war, natural disasters, terrorist attacks, government restrictions, loss of utilities at the home office, fire at the home office, tornado in the area of the home office, insurrections, exchange or market rulings or other conditions beyond the control of FAF.

Consumers who ask not to receive telephone solicitations will be placed on our internal Do Not Call list and will not be called. However, even though my/our name(s) may appear on a state or federal "Do Not Call" list, my/our signature(s) on the account application indicate permission for any associated person of FAF to call me/us on any numbers listed on this form without regard to such list due to the nature of our relationship.

15. **Telephone Recording Consent:** To ensure quality customer service, verify securities transactions and other information related to your account, FAF may tape-record telephone conversations at any time with you and its APs, employees or agents. You hereby agree and consent to the recording of said conversations with you and understand that such recordings may take place without an audible electronic beep tone or vocal announcement to indicate that the line may be recorded.
